

### **Clerk's report (for information only)**

- **On Monday 13.01.2020**, Clerk sent the Parish Council's answers to the questions raised as part of the consultation – Parking Permit Scheme. Peter Foulsham sent an email to confirm he had received them and that they would be considered at the next task force meeting.
- **On Monday 13.01.2020**, Clerk contacted the War Memorials Officer as on Wyre Council's website – Paul Deacon (01253 887475). He confirmed he was more the officer for the Veterans side, not the memorials as such. He confirmed that Wyre own 3 war memorials (in Poulton, Fleetwood and Thornton) as the Council have adopted these as they sit on Council land. All other war memorials in Wyre are owned by either the Parish or Town Council or privately owned. He advised to get in touch with the War Memorials Trust as they should hold records of all memorials.  
There are grants available for work to memorials (via the trust).  
Work carried out on the 3 Wyre owned memorials has been undertaken by "Wyre Memorials" a local company.  
Clerk rang the war memorial trust 020 7233 7356 and left a message. Office hours 8am–4pm.
- **On Friday 24.01.2020**, Clerk received a call from the war memorial trust who confirmed they hadn't found any records about the Calder Vale memorial but would like some photographs to look at, and will then be able to offer further advice. On 11.03.2020 Roy responded thanking the PC and confirmed that he would inform the group.

- **On 05.03.2020**, Clerk reported to LCC Highways that the road into Calder Vale village was subsiding and required urgent attention. Ref no: 238925. Within days, there were bollards around the area but work has yet to commence.

- **On 13.03.2020**, Clerk received an email from Mark Hothersall (North West Stages Car Rally organiser) which read;  
*“A decision has been taken to postpone the North West Stages Rally scheduled for next weekend.  
We were faced (yesterday) with the prospect of having to 'push the button' on over £20,000 of costs, none of which could have been recovered were the event to cancel at a later date. Those costs involved press advertising for the closed roads, and printing of programmes and event paperwork.  
Whilst events like ours are not strictly banned 'today', we believed there was a significant risk of the status changing over the next week. In addition, we felt that as organisers that it was inappropriate in the current environment to be bringing 1,000 plus crews + marshals (even without spectators) from all over the country at this sensitive time.  
We will be exploring options for a date later in the year, but worst case it will be 2021.  
We remain grateful for the support of the parish, and look forward to speaking to you about a rearranged event*
